

A group of four business professionals (three men and one woman) are gathered around a table in a meeting room with a brick wall background. They are looking at documents and laptops, appearing to be in a collaborative discussion.

Manage Key Economic Aspects of Your Business Across All Platforms With NetSuite's Financial Management Solution

Trajectory consultants bring a unique mix of experience and expertise to your organization. With highly valuable business and accounting designations, they will provide you with the tools and solutions to help you manage your projects, resources and finances.

NetSuite's financial management solution is a cloud-based platform that can be accessed through a web browser or mobile device from anywhere, any time and ensures complete, reliable and real-time visibility into the financial performance of your business.

Features of the NetSuite Financial Management Solution include:

- **Finance & Accounting:** Integrates accounting functionality with real-time financial visibility.
- **Billing:** Incorporates sales, finance and fulfillment teams, resulting in fewer billing errors.
- **Revenue Recognition:** Delivers timely financial reports, highlighting revenue opportunities.
- **Financial Planning:** Streamlines planning with intuitive budgeting and forecasting tools.
- **Financial Reporting:** Provides reports and analytics to help you with your decision-making.
- **Global Accounting & Consolidation:** Maximizes transparency and ensures compliance.

- **Governance, Risk & Compliance:** Addresses compliance issues with technology and processes.

NetSuite's financial management solution seamlessly integrates with all NetSuite order management, inventory, CRM and ecommerce functions to streamline critical business processes, bringing back-office, sales and service onto the same platform.

Benefits of using NetSuite's Financial Management Solution include:

- Faster financial close that helps accelerate close times compliant with accounting standards.
- Precise reporting that delivers accurate insight into fiscal activities.
- Live information feed that provides real-time metrics and role-based dashboards.
